AL FARIS **GROUP**

Founded in 1992, we are a family-owned business renowned for our operational efficiency and performance results across the MENA region.

With state of the art heavy equipment, integrated services and best practices in QHSE; we provide – safe, innovative and reliable solutions for Heavy Lifting, Heavy Transport and Energy Projects.

Our comprehensive network of depots and dedicated teams of professionals are ready to fully serve your needs, using local knowledge and global experience while upholding the highest standards of quality, safety and integrity across all our operations.

TURNKEY INTEGRATED SERVICES. YOUR ONE-STOP SOLUTION!

- Equipment rentals with well trained operators
- Consultancy with innovative engineering techniques
- Technical assessments and plans
- Project Management with dedicated staff
- 24/7 fully equipped mobile workshops and maintenance

AL FARIS

SPECIALISTS IN HEAVY LIFTING, HEAVY TRANSPORT & ENERGY SOLUTIONS

WITH THE LARGEST FLEET OF CRANES AND HEAVY EQUIPMENT IN THE MIDDLE EAST

OUR **EXPERTISE**

- Critical heavy lifting services
- Transporting abnormal oversized loads
- Plant maintenance and shutdowns
- Rig transport, lifting & drilling rig specific heavy equipment supply
- Manage complete logistics chain including lifting, load-outs and load-ins
- Project cargo handling
- Temporary power plants with hybrid power solutions

CIVIL ENGINEERING & CONSTRUCTION

Construction support services for bridges, islands, metros & other infrastructure projects

POWER GENERATION

Transporting and lifting high-value components such as transformers, boilers, turbines among others

OIL, GAS & PETROCHEMICAL

Plant shutdown and maintenance projects

Our Core **Industries**

MARINE & OFF-SHORE

Transporting and installing rig legs, rig carriers and other accessories.

SHIPPING & LOGISTICS

End-to-end transport solutions

RENEWABLE ENERGY

Heavy lifting, heavy transporting and skidding projects.

MANUFACTURING

Lifting and moving heavy loads in confined spaces.

Heavy Lifting Solutions

Offering our clients turnkey tailor-made lifting solutions for all kinds of construction, expansion and maintenance jobs with the best suited manned equipment.

We are not your usual equipment rental company.

We take on an **ENGINEERING** and **PROJECT MANAGEMENT DRIVEN APPROACH** on all our projects.

- Specialised equipment rentals
- In-house rigging studies with detailed risk analysis and project specific method statements
- Jacking and skidding
- Proof load testing and load weighing
- 24/7 on-site support with mobile workshops

CORE EQUIPMENT

ALL TERRAIN CRANES

LATTICE BOOM CRAWLER CRANES

TELESCOPIC CRAWLER CRANES

ROUGH TERRAIN CRANES

TRUCK MOUNTED CRANES

SPECIAL PURPOSE FORKLIFTS

AL FARIS

Alternative Lifting Solutions – **Jacking & Skidding**

In confined spaces where using cranes is not possible we offer our clients tailor-made jacking and skidding techniques to move heavy loads which is cost effective and safe.

HYDRAULIC GANTRIES

SKIDDING SYSTEM - MODULAR PUSH & PULL UNIT

EVO SERIES SYNCHRONOUS JACKING SYSTEM

CUSTOM BUILT MODULAR TOWERS

AL FARIS

Heavy Transport Solutions

Transporting heavy abnormal loads anywhere, anytime!

We provide turnkey project support to our clients from transporting and off-loading to installing extremely over-sized loads.

- *Specialised equipment rentals*
- *In-house engineered route analysis and plans*
- *Turnkey solutions from source to destination*
- *24/7 on-site support with mobile workshops*

CORE EQUIPMENT

HYDRAULIC TRAILERS

SELF PROPELLED MODULAR TRANSPORTERS (SPMT'S)

LOW BED & FLAT BED TRAILERS

WE ALSO PLAN AND EXECUTE ROUTE MODIFICATIONS WITH SPECIAL PERMISSIONS.

Others

- Dolly trailers
- Extendable trailers
- Off-road trucks
- Modular multi axle hydraulic trailers

AL FARIS

Energy Solutions

Al Faris Energy provides turnkey hybrid power solutions for short-term and long-term power requirement.

24/7 on-site support

ENERGIZING YOUR FUTURE

CORE EQUIPMENT

GENERATORS

MEDIUM VOLTAGE EQUIPMENT

FUEL TANKS

OIL COOLED & OIL FREE AIR COMPRESSOR

WELDING MACHINES

TOWER LIGHTS

DISTRIBUTION BOARDS

HYBRID POWER SOLUTION

MARKET LEADER AND MOST RELIABLE SERVICE PROVIDER

- Specialised equipment rentals for short/long term
- Site infrastructure
- Plant design & application engineering
- Transport, installation & commissioning
- Fuel management
- Operation & maintenance
- 24/7 breakdown support
- 24/7 sales support
- Highly skilled manpower services
- HSE audit

SKILLED MANPOWER

AL FARIS

Consultancy and innovative **engineering**

We provide our customers with professional consultation and in-house technical assessments for all types of projects we undertake, prior to execution.

- *Detailed site surveys*
- *Review ground bearing pressure and stability calculations*
- *Provide computer aided lift plans, method statements and configurations*
- *Engineered rigging studies*
- *Carry out extensive route planning, identify obstacles and feasibilities*
- *Execute engineered route and site modifications*
- *Load distribution analysis with special lifting devices; beams, spreaders and triangles*

Rig transport, lifting and drilling rig specific heavy equipment supply

CORE SERVICES:

- Complete solutions for rig moves and re-location
- Testing rig BOP's (blow-out preventer)
- Consultancy, route surveys, pre-planning, permissions etc.
- Strategic equipment supply

WHEEL LOADERS WITH SPECIAL ATTACHMENTS

RIG TRANSPORT PRIME MOVERS

BOP TESTING

SUPER SUCKER 4000

MUD HAULAGE TANKER

At Al Faris we are fully equipped with all the requirements for Rig moves – transport and lifting with our fleet of cranes, large forklifts, haulage trucks, trailers and other special vehicles, operated by trained field personnel.

Special purpose FORKLIFTS

Upto **52t** with **load stabilizer** and **coil ram** attachments.

INDUSTRY APPLICATION

- Ports & terminals
- Steel industry
- Metal industry
- Logistics and distribution
- Renewable energy industry
- Rig sites/oil fields & other heavy industries

FEATURES

HEAVY DUTY
EQUIPMENT & ATTACHMENTS

PRIORITIZING SAFETY
& OPERATOR ERGONOMICS

DESIGNED FOR MAXIMUM
PRODUCTIVITY

ECO DRIVE
AXLE

TURNABLE
DRIVER SEAT 180°

Load stabilizer attachment upto 16t

Coil ram attachment upto 45t

Container forklift 1t - 10t

Reachstacker 45t

AL FARIS

Load testing & weighing solutions

Al Faris has become a market leader in the procurement and distribution of test loads and weighing systems.

- Supply of certified calibrated test weights
- In-house designed and calibrated test weights
- Load testing of all types of lifting equipment
- Load testing of onshore oil drilling equipment
- Load weighing and COG calculations
- In-House customised spreader frames
