FOR IMMEDIATE RELEASE

Al Faris lands in IRAQ

Al Faris - Market Leader with the largest fleet of cranes and other heavy equipment in the Middle East region, has started its operation in IRAQ; supporting the Industrial growth of the country.

With a brand-new fleet of heavy lifting and heavy haulage equipment and a highly experienced team with vast local knowledge and global experience headed by Mr. Alberto Pittaluga, Al Faris is ready to fully serve your heavy lifting and heavy transport requirements. Mr. Alberto Pittaluga comes with immense industry knowledge, credibility and over 20+ years of experience in challenging regions including Iraq.

We have invested in the latest advanced equipment in our fleet. Our heavy lifting equipment includes Liebherr cranes ranging from 100t to 600t and our heavy haulage equipment includes hydraulic trailers, SPMT's, semi-trailers and low-bed trailers.

We also provide alternative lifting solutions like Jacking and Skidding techniques in confined spaces. Our equipment includes hydraulic gantries and other modular push-pull skidding systems.

We have already successfully completed projects in West Qurna 1, West Qurna 2 and Al Faw in Iraq.

Apart from the quality of our equipment, we provide a strong commitment to investment in the development of HSE practices which is our focus across all our operations. Our safety, health and quality standards are well integrated in our daily work, training and all on-site jobs.
